**Title** : **New Feature on PCS – Digital Shipping Note & Delivery Note**

**Ref. no** : (199) SIPSB/10.1/2 Jld.10

**Date** : 26 May 2026

---

Dear Valued Port User,

Samalaju Industrial Port Sdn. Bhd. is pleased to announce a major milestone in our digital transformation journey. Effective **15 June 2026**, the **Port Community System (PCS)** will introduce a new feature: **Digital Shipping Note & Delivery Note**.

This initiative aims to improve operational efficiency, enhance data integrity, and deliver a more intuitive user experience for all port stakeholders.

**Key Highlights:**

- **Digital Access** – Users can now download Shipping Notes and Delivery Notes directly from the PCS. Please find the attached user guide for your reference.
- **Contactless Operations** – Lorry drivers no longer need to alight from their vehicles to present or collect physical documents.
- **Paperless Process** – Physical copies of Shipping Notes and Delivery Notes will no longer be required or accepted from **15 June 2026**.

We strongly encourage all port users to familiarise themselves with this new feature prior to the go-live date. Training materials and user guides are available on the PCS portal.

Your continued support is greatly appreciated as we work together toward a more efficient, data-driven, and sustainable port community.

Thank you for embracing this digital transformation.

Yours faithfully,

**SAMALAJU INDUSTRIAL PORT SDN. BHD.**

**RADIN ROMANI BIN RADIN ABDUL RAHIM**  
Senior Manager Operations
