## ENERGY. SYNERGY. STRATEGY.

### Dear Shareholders,

Our Integrated Annual Report 2023 of BPHB revolves around the theme of **Energy. Synergy. Strategy.** It draws inspiration from Sarawak's oldest historical and cultural heritage of regatta dating back 152 years ago to 1872, originally held to defuse inter-tribal conflict and to put their power, skill and war strategy to better use.

From the first race won by “Sri Matu” on the 28 February 1872, our story in Bintulu Port embraces the same spirit and traits of dedication and discipline. We take great pride in learning from our rich history to move forward. Akin to the paddlers of a regatta team, we harness the energy of our dedicated staff, synchronise our every move, guided by a robust strategy focusing on achieving our goals.

Hence the **Energy. Synergy. Strategy** will help us achieve our desire of becoming a *Premier Green Energy Port* for Malaysia.

In November 2023, Bintulu Port participated in the Lingga Regatta 2023 held in Sri Aman, a district in Sarawak famous for the unique tidal bore festival called Pesta Benak. Our team of 50 paddlers clinched second in the Raja Sungai race.
